

## **WE ARE STARTING!**

**Under the leadership of Mrs. Irenka Hajdamárová** we are encouraging everyone interested in joining this project to meet and create beautiful things from seemingly unnecessary, useless, inconspicuous or discarded items. **The frequency of meeting, time and place, please feel free to agree directly with Mrs. Irenka Hajdamárová.**

The rest of us are looking forward, already today, to hearing the news on how the project is going, and are very interested in the first presentation of the creations by our skillful patients at the regular annual meetings of SMyS.
